Dr. Alison Fox-Robichaud - SHORT BIO

Dr. Alison Fox-Robichaud is Professor of Medicine at McMaster University and critical care physician and Director of Medical Education at Hamilton Health Sciences. She is the Scientific Director of Sepsis Canada, a research collaborative of over 250 scientists, knowledge users and patients and family partners. As a clinician scientist she studies sepsis from the bench to the bedside. In 2018, the Global Sepsis Alliance awarded her an individual award for her sepsis leadership.
